NJ OEMS CREDIT 6.0 CEU'S NJDFS CREDIT N/A CEU'S NJLMS CREDIT Not Applied For CEU'S

Course Purpose:

This course will orient the participants to the public information function and the role of the PIO in the public safety/emergency management environment. Additionally, this training will prepare participants for subsequent training to further develop their PIO skills. The course content will emphasize strategies for handling crisis communication situations.

Course Objectives

At the end of this course, the students should be able to:

- Define emergency public information and the Public Information Officer (PIO) roles and responsibilities.
- Describe written and digital tools that are used to support public information activities.
- Describe how the PIO can work effectively with the news media to communicate emergency public information.
- Apply basic PIO skills to crisis communications situations. Apply the principles of ICS in response to a simulated incident.

Target Audience

The primary audience for this training is individuals who will have public information responsibilities as their main job or as an auxiliary function at the State, tribal, or local level of government. Additionally audience may include emergency management personnel who may serve in or manage an emergency operations center, to include office of emergency management staff and administration, support function staff, representatives from municipal agencies/departments that may assist in the recovery process.
