

G0393 Mitigation for Emergency Managers

Location: Burlington County-Emergency Services Training Center
Dept. of Public Safety Services
53 Academy Drive, Westampton NJ, 08060

Date: January 26th and 27th, 2022
Time: 8:30 AM – 4:30 PM

Additional Information:

The G 393 Mitigation for Emergency Managers is a required course for the FEMA APS Certificate.

Prerequisite:

Recommended: IS0393.a, Introduction to Hazard Mitigation

Course Purpose:

This course is designed to enable the non-technical emergency worker to acquire skills in the use of mitigation. The course provides training in how to perform mitigation activities fundamental to reducing and eliminating long-term risk from hazards. It addresses the important roles of the emergency program manager (or other local government representative) in mitigation: motivator, coordinator, and monitor in local implementation of the National Mitigation Strategy.

Course Objectives

- Analyze reasons for differences between optimal and actual mitigation roles of the emergency program manager.
- Determine strategies to build support for mitigation planning in your community.
- Analyze hazard risks for a given scenario.
- Propose a mitigation strategy for a particular hazard.
- Develop a mitigation plan implementation strategy for a given scenario.
- Evaluate the effectiveness of a community’s mitigation planning efforts.
- Recommend actions to optimize the mitigation role of the emergency program manager.

Target Audience:

Selection Criteria: State, local, and tribal government emergency program managers, other emergency management staff, and other local government employees responsible for mitigation.

Please fill out the [NJOEM Training Application](#). Then email completed applications to FieldTrainingUnit@njsp.org. Incomplete applications will not be accepted. **The DEADLINE to apply for this course is JANUARY 17TH, 2022.** You will receive a class confirmation via email prior to the class start date.
