L0101 Course Overview:

The Federal Emergency Management Agency (FEMA) recognizes the need to tie training programs to an established set of emergency management competencies and to a career development program through a progressive training and education system that includes the entry-level Academy, called the National Emergency Management Basic Academy. Training objectives for this course, Foundations of Emergency Management, are based on the newly established Emergency Manager competencies that the National Emergency Management Association (NEMA); the International Association of Emergency Managers (IAEM); and local, State, territorial, and tribal emergency management professionals have established in coordination with the Emergency Management Institute (EMI).

The following topics in emergency management are covered in this course: legal issues; intergovernmental and interagency context; influencing, organizing, social vulnerability issues; managing stress; collaboration, preparedness; team building; mitigation; response; prevention and protection; ethical decision-making; recovery; technology; administration; and the future.

Prerequisites:

The following courses are mandatory prerequisites to this course and completion certificates must be included with your application:

- IS-100 (most current version) - Introduction to the Incident Command System (ICS)
- IS-120.c - An Introduction to Exercises
- IS-200 (most current version) - ICS for Single Resources and Initial Action Incidents
- IS-700 (most current version) - National Incident Management System (NIMS), An Introduction
- IS-800 (most current version) - National Response Framework, An Introduction
- IS-230.d - Fundamentals of Emergency Management

National Emergency Management Basic Academy Description:

The National Emergency Management Basic Academy is a gateway for individuals pursuing a career in emergency management. Similar to basic academies operated by the fire service and law enforcement communities, the National Emergency Management Basic Academy will provide a foundational education in emergency management.

The goal of the Basic Academy is to support the early careers of emergency managers through a training experience combining knowledge of all fundamental systems, concepts, and practices of cutting-edge emergency management.

The Basic Academy consists of the following classroom courses:

E/L0101, *Foundations of Emergency Management* (80 hours) 10 days

E/L0102, *Science of Disaster* (24 hours) 3 days

E/L0103, *Planning: Emergency Operations* (16 hours) 2 days

E/L0146, *Homeland Security Exercise and Evaluation Program (HSEEP)* (16 hours) 2 days

E/L0105, *Public Information and Warning* (16 hours) 2 days

Total Course Hours: 152 hours

Target Audience:

The National Emergency Management Basic Academy is designed for newly appointed emergency managers with less than three years of experience, including members of State, local, tribal, and territorial homeland security or emergency services programs; Nongovernmental organizations, voluntary agencies, or professional organizations; Private sector emergency management offices; College or university emergency management staff; and FEMA, federal partners, military and emergency managers at other departments or agencies.

Selection Criteria:

Applicants will be selected based on properly completed applications, completed prerequisites, and whole community representation. **Class size is limited to 24 students.**
