Monday, February 4, 2019  
Tuesday, February 5, 2019  
Monday, February 11, 2019  
Tuesday, February 12, 2019  
Tuesday, February 19, 2019  
Wednesday, February 20, 2019  
Tuesday, February 26, 2019  
Wednesday, February 27, 2019

Time: 8:00 a.m. - 4:00 p.m.

Course Length: Ten days, 80 hours

**Course Goal:**

At completion of this course, students will have a basic knowledge of the history of doctrine and authorities of emergency management, the role of the emergency manager, and an overview of all hazards.

**Prerequisites:**

**The following courses are mandatory prerequisites to this course and must be included with your application:**

- IS-100 (any version) - Introduction to the Incident Command System (ICS)
- IS-120.a - An Introduction to Exercise
- IS-200 (any version) - ICS for Single Resources and Initial Action Incidents
- IS-700 (any version) - National Incident Management System (NIMS), An Introduction
- IS-800.b - National Response Framework, An Introduction
- IS-230.d - Fundamentals of Emergency Management

**Course Description:**

FEMA recognizes the need to tie training programs to an established set of emergency management competencies and to a Career Development Program through a progressive training and education system that includes the entry-level Academy, called the National Emergency Management Basic Academy. Training objectives for this course are based on the newly established emergency manager competencies that the National Emergency Management Association; the International Association of Emergency Managers; and state, local, territorial, and tribal emergency management professionals have established in coordination with EMI.

The following topics in emergency management are covered in this course: history; legal issues; intergovernmental and interagency context; influencing and organizing; social vulnerability issues; managing stress; collaboration, preparedness, and team-building; mitigation, response, prevention, and protection; ethical decision-making; recovery; technology; administration; and the future.

The Basic Academy consists of the following classroom courses:

E/L0101, Foundations of Emergency Management  
E/L0102, Science of Disaster  
E/L0103, Planning: Emergency Operations  
E/L0146, HSEEP  
E/L0105, Public Information and Warning

### **Target Audience**

This course is intended for newly appointed emergency managers from Federal, state, local, tribal, and territorial emergency management agencies, and prospective professionals transferring from another discipline to emergency management. Class size limited to 25.

Registration is required: [FEMA Training Application](#). Fill out the application completely with student signature and signature of supervisor or sponsoring agency official and email it to [ftu@gw.njsp.org](mailto:ftu@gw.njsp.org). Missing and/or incomplete information will not be accepted and will disqualify your application from the selection process. You will receive a class confirmation via email prior to the class start date.
